

# **Exhibiting and Advertising** at Fact Forward Conferences

Are you looking for a new way to reach your target audience? Our conferences bring together youth-serving professionals from diverse professional backgrounds like education, health care, and community organizations.

## **Exhibiting**

An exhibit space is a great way to get in front of your audience. Your centrally-located, high-traffic exhibit will be sure to make an impact on our attendees.

We'll provide you with everything you need—all you need to do is bring your educational and promotional materials.

# **Our Conferences**

We're constantly expanding our footprint throughout the South. You can expect us to host at least two conferences every year.

# CONTRACEPTIVE LEADERSHIP SUMMIT

This conference gives health care providers a forum to discuss challenges and share best practices related to working with adolecents in a health care setting.

Audience: Health care leaders

Time frame: Fall

#### **SUMMER INSTITUTE**

This conference showcases the latest research and best practices in reproductive health. Professionals working in the field will have the opportunity to network, share ideas, and discuss successes and challenges.

**Audience:** Health professionals, social workers, counselors, teachers, nurses, youth-serving professionals, and students studying related fields.

**Time frame:** Summer
